

# If you said Mecca, Scangarello & Rameglia you were right !

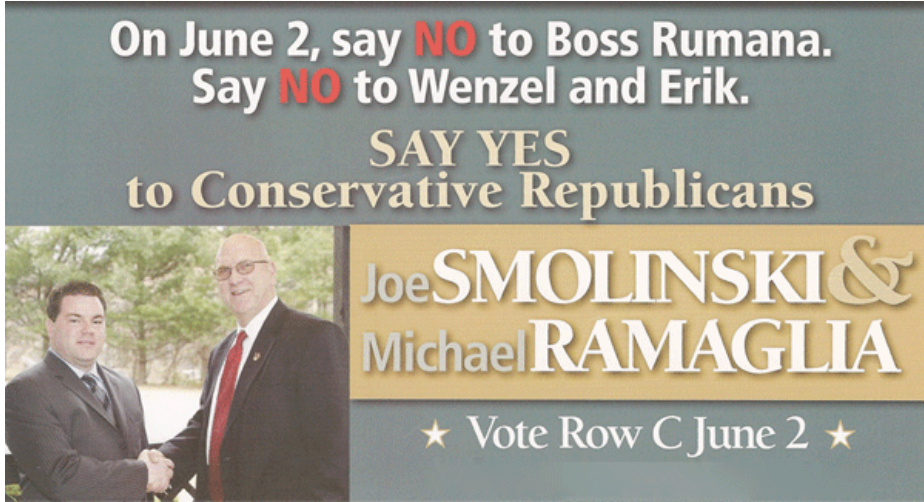

In 2009 it was revealed through a series of emails obtained from the Passaic Valley Sewage Authority in response to an OPRA request that Ramaglia had been using CDC equipment to develop political mailers on agency time. Additionally the emails show that he joined with Michael Mecca and Carmello Scangarello of the PVSC in running Political campaigns on work time. Pictured below is Joseph Smolinski who ran with Ramaglia for council and who is a candidate running on the GOP Strong line this year. The Scan is one of numerous scans that were used in political fliers.

The Scan above was done at 2:19 PM, apparently during work hours, on CDC (Community Development Corporation) equipment and used on a GOP Strong political mailer during the Republican Primary. Ramaglia worked for the CDC as Chief of Staff.

On June 2, say **NO** to Boss Rumana.  
Say **NO** to Wenzel and Erik.  
**SAY YES**  
to Conservative Republicans

Joe **SMOLINSKI** &  
Michael **RAMAGLIA**
